DMPED Real Estate Project Pipeline

1617U

REQUEST FOR PROPOSALS (RFP)
1617U – 1617 U Street NW and 1620 V Street NW
Release Date: TBD
Submission Deadline: TBD

The site is comprised of two parcels (lots 826 and 827 in square 175) that together total approximately 1.88 acres. The site fronts 17th Street NW, U Street NW, and V Street NW. It is within walking distance of two Metrorail stations, the U Street station (green and yellow lines) and the Dupont Circle station (red line) and also multiple bus stops. The site's location near transit and its proximity to the U Street and 14th Street corridors – neighborhoods which are experiencing robust population growth, and which maintain an active nightlife – make it an attractive site prime for new investment.

The 2021 Comprehensive Plan envisions this site as high-density mixed-use. A map amendment is currently in process to rezone the property from MU-4 to MU-10 to allow mixed-use development including residential and retail in conjunction with new municipal facilities.

The property is currently home to an active police station (Third District headquarters), fire station (Engine Company 9), and fuel station. Built in the 60s, the facilities are nearly 60 years old. Redevelopment of the site must incorporate new facilities for each of these uses.

DMPED conducted a [public hearing](#) to receive comment on the potential designation of part of the property as surplus on July 14, 2022, at the Metropolitan Police Department's 3rd District station at 1620 V Street NW. The meeting was recorded. The audio recording is available at the following link:

- [1617U – Surplus Hearing \(07/14/22\) – Audio Recording](#)

The Zoning Commission is currently considering a map amendment to rezone the property from MU-4 to MU-10 to allow mixed-use development including residential and retail in conjunction with new municipal facilities. More information on the zoning case can be found on the Office of Zoning's website at the following link:

- [1617U – Zoning case #23-02](#)
