WHAT IS A DISPARITY STUDY?

The District has hired BBC-Pantera-Tiber to conduct a disparity study to assess whether any barriers exist for minority and woman-owned businesses that make it more difficult for them to compete for District contracts and procurements. The disparity study will:
- Measure participation of minority and woman-owned businesses in District contracting
- Estimate availability of minority and woman-owned businesses for District contracting
- Assess marketplace conditions for minority and woman-owned businesses
