## ENFORCEMENT, CLEANUP AND ACTIVITIES SUMMARY

### Comprehensive Overlook of Fugitive Dust Management and Control by the District Agencies:

#### Department of Energy and the Environment (DOEE) Actions Summary:

- DOEE inspected Buzzard Point neighborhood including facilities like Superior Concrete, Virginia Concrete, and Recycled Aggregate.
- DOEE took the necessary enforcement actions to manage fugitive dust from these facilities including Superior Concrete, Virginia Concrete, and Recycled Aggregate.
- Inspection and enforcement by DOEE on regular basis.

#### Department of Transportation (DDOT) Actions Summary:

- DDOT inspected the public right of way in Buzzard Point neighborhood.
- DDOT Street and Bridge Maintenance performed pothole repair on the streets surrounding the stadium site, particularly Potomac Avenue SW, to limit dust caused by poor road conditions.

#### Department of Public Works (DPW) Actions Summary:

- DPW performed regular thorough street sweeping and flushing (watering down) of the residential streets around the Stadium site, including First Street, Half Street, and Q Street since summer 2016.

#### Department of General Services (DGS) Actions Summary:

- DGS created a comprehensive Traffic Control Plan for the Buzzard Point neighborhood.
- Created a “Work Zone” for the Buzzard Point neighborhood.
- Created dedicated routes for the construction trucks so as to ensure that they do not enter the residential neighborhood with dust.
- Created dedicated routes for the delivery trucks from facilities like Superior Concrete, Virginia Concrete, and Recycled Aggregate so as to ensure that they do not enter the residential neighborhood with dust.
- DGS installed multiple air monitoring devices on the Stadium site in addition to the handheld devices to monitor dust.
- DGS created “Air Quality Monitoring Plan” with regular reporting.
- DGS created “Erosion & Sediment Control Plan” for the Stadium site to manage dust leaving the construction site.
- DGS followed the “Best Practices” to manage dust for the Stadium site and infrastructure construction.

#### Metropolitan Police Department (MPD) Actions Summary:

- MPD enforced the “Work Zone” for the Buzzard Point.
- Reduced speed limit for all vehicles/trucks to manage any dust that might be kicked up or carried by that traffic.
- Doubled fines for moving violations in order to limit the impact on residents due to construction traffic.

# ENFORCEMENT, CLEANUP AND ACTIVITIES SUMMARY (Contd.)

## DISTRICT SUMMARY OF ACTIVITIES AND PROJECT IMPACTS:

DATE (2012)	ENFORCEMENT, CLEANUP AND ACTIVITIES DESCRIPTION
September 19, 2012	<b>EPA Inspection of Superior Concrete:</b> The federal Environmental Protection Agency (EPA) conducted an inspection of Superior Concrete. The inspection identified deficiencies and the EPA issued an order for corrective action. The facility complied with the order and no further enforcement action was taken.
September 19, 2012	<b>EPA Inspection of Recycled Aggregate:</b> The federal Environmental Protection Agency (EPA) conducted an inspection of Recycled Aggregate. The inspection findings resulted in further investigation, and the EPA issued a 308 information request to Recycled Aggregate.
December 19 and December 21, 2012	<b>DOEE Inspections:</b> The District Department of Energy and the Environment (DOEE) Water Quality Division conducted an illicit discharge investigation of the Buzzard Point facilities Superior Concrete, Virginia Concrete (Vulcan), and Recycled Aggregate. Heavy sediment laden water was observed surrounding the three facilities. A follow up inspection for the facilities was scheduled.
DATE (2013)	ENFORCEMENT, CLEANUP AND ACTIVITIES DESCRIPTION
January 24, 2013	<b>DOEE Inspections:</b> DOEE's Water Quality Division conducted inspections of Superior Concrete, Virginia Concrete (Vulcan), Recycled Aggregate, and DC Heliport. The inspection findings were referred to EPA Region 3 National Pollutant Discharge Elimination System (NPDES) enforcement due to the EPA's ongoing case.
DATE (2014)	ENFORCEMENT, CLEANUP AND ACTIVITIES DESCRIPTION
May 13, 2014	<b>DOEE Inspections:</b> DOEE's Water Quality Division conducted an inspection of Superior Concrete. The inspection did not identify any permit violations. However, several deficiencies in need of corrective action were noted. The facility was instructed to improve best management practices (BMPs), inspections, and structural controls to address deficiencies.
June 9, 2014	<b>DOEE Inspections:</b> DOEE's Water Quality Division conducted an Illicit Discharge Detection and Elimination (IDDE) inspection of Recycled Aggregate. The findings were referred to the EPA because of ongoing EPA enforcement actions against the facility.
August 14, 2014	<b>DOEE Inspections:</b> DOEE's Water Quality Division conducted an inspection of Virginia Concrete (Vulcan). Minor deficiencies were identified and the facility was instructed to improve best management practices (BMPs) and housekeeping practices.
DATE (2015)	ENFORCEMENT, CLEANUP AND ACTIVITIES DESCRIPTION
March 3, 2015	<b>Voluntary Cleanup Action Plan (VCAP) Application:</b> The District Department of General Services (DGS) submitted the

# ENFORCEMENT, CLEANUP AND ACTIVITIES SUMMARY (Contd.)

	Voluntary Cleanup Action Plan (VCAP) application to the Department of Energy & the Environment (DOEE) on March 3, 2015. One of the parcels of land incorporated into the final site was found to have some soil contamination from a business previously located on the site, and the VCAP began a process to remediate the site. DOEE reviewed and approved the plan, and it was circulated to the ANC for comment. The ANC submitted comments and suggestions, which were incorporated into the final plan.
March 2015-August 2015	<b>Phase 1 and Phase 2 Studies for the Stadium Site:</b> From March to August 2015, DGS and D.C. United worked together to complete environmental and geotechnical studies to determine the extent of site soil remediation, as required by the VCAP application.
May 11, 2015	<b>DOEE Inspections:</b> DOEE's Air Quality Division conducted an inspection of Superior Concrete and found one violation of 20 DC Municipal Regulations § 605.1 (failure to minimize fugitive dust).
June 6, 2015	<b>DOEE Enforcement:</b> DOEE issued an enforcement notice (DDOE-15-A500710) charging Superior Concrete with one violation of 20 DC Municipal Regulations § 605.1 (failure to minimize fugitive dust) that occurred on May 11, 2015. Superior Concrete paid a \$1,000 fine on June 30, 2015.
September 30, 2015	<b>Final Voluntary Cleanup Action Plan:</b> Based on the VCAP application, the Phase 1 and Phase 2 studies, input from the September 21 <sup>st</sup> public meeting, and input from the ANC 6D Commissioners, DGS submitted a full corrective action plan to DOEE for approval. DOEE approved the plan in October 2015.
October 2015 – October 2016	<b>Groundwater Monitoring:</b> D.C. United's geotechnical consultant installed two ground water monitoring wells to assess potential contaminants and establish a baseline for the project between October 2015 and October 2016.
<b>DATE (2016)</b>	<b>ENFORCEMENT, CLEANUP AND ACTIVITIES DESCRIPTION</b>
January 11, 2016	<b>EPA Enforcement Action:</b> The EPA issued a formal complaint and penalty to Recycled Aggregate. Recycled Aggregate responded to settle the complaint.
January 19, 2016	<b>D.C. United Planned Unit Development (PUD) Submission:</b> D.C. United submitted the PUD for the soccer stadium to the DC Zoning Commission.
April 4, 2016	<b>Demolition Begins:</b> The DGS abatement and demolition contractor installed on-site air quality monitoring stations, implemented a sediment and soil erosion control (dust control) plan, and began demolition of the existing structures on the site.
April 29, 2016	<b>DOEE Inspections:</b> DOEE's Water Quality Division and Air Quality Division conducted an inspection of Virginia Concrete. The inspection found no violations and determined that no further actions were required.

# ENFORCEMENT, CLEANUP AND ACTIVITIES SUMMARY (Contd.)

June-July 2016	<b>DDOT Public Space Enforcement of Industrial Plants:</b> After receiving complaints about dust generated by long-standing industrial plants located adjacent to the stadium site, the District Department of Transportation (DDOT) Public Space Enforcement and DGS Teams met on-site with Superior Concrete and Vulcan Materials to survey property lines, determine the limits of public space, and remove obstructions from public space.
July 8, 2016	<b>Traffic Control Plan Completed:</b> The Traffic Control Plan (TCP) for the stadium project was completed. Per requests from the community, the TCP coordinated construction traffic for both the Pepco Substation and DC United Stadium project, kept all construction traffic off of residential streets, reduced speed limits within the work zone to 25 mph, and doubled fines for moving violations in order to limit the impact on residents of construction traffic and any dust that might be kicked up or carried by that traffic.
July 2016	<b>Commencement of Construction on Infrastructure Work:</b> Department of General Services began work on the new infrastructure work surrounding the Stadium site and also relocating existing utilities from the Stadium site.
July 8, 2016	<b>Street Sweeping for Dust Control:</b> The District Department of Public Works (DPW) performed a thorough street sweeping and flushing (watering down) of the residential streets around the stadium site, including First Street, Half Street, and Q Street. This is supplemental to the regular street sweeping conducted around the perimeter of the stadium site and the Pepco substation site as part of the sediment erosion (dust) control plan for each.
July 9-10, 2016	<b>Road Repairs to Support Dust Control:</b> DDOT Street and Bridge Maintenance performed pothole repair on the streets surrounding the stadium site, particularly Potomac Avenue SW, to limit dust caused by poor road conditions.
July 2016	<b>Vector Control:</b> Department of Health (DOH) performed rodent inspection in the Buzzard Point community and also put traps at various locations as a control measure.
August 23, 2016	<b>EPA Enforcement:</b> The EPA issued a consent agreement and final order to Recycled Aggregate. Recycled Aggregate paid a \$32,000 penalty.
August 25, 2016	<b>Street Sweeping for Dust Control:</b> DPW performed a thorough street sweeping and flushing (watering down) of the residential streets around the stadium site, including First Street, Half Street, and Q Street. This is supplemental to the regular street sweeping conducted around the perimeter of the stadium site and the Pepco substation site as part of the sediment erosion (dust) control plan for each.
September 10, 2016	<b>Street Sweeping for Dust Control:</b> DPW performed a thorough street sweeping and flushing (watering down) of the residential streets around the stadium site, including First Street, Half Street, and Q Street. This is supplemental to the regular street sweeping conducted around the perimeter of the stadium site and the Pepco substation site as part of the sediment erosion (dust) control plan for each.
September 15, 2016	<b>DOEE Inspections:</b> DOEE's Water Quality Division investigated an illicit discharge report at South Capitol Street and S Street SW. The findings determined that Super Concrete was non-compliant with the National Pollutant Discharge Elimination System (NPDES) Multi-Sector General Permit (MSGP). Further enforcement actions were taken.
September 30, 2016	<b>Construction Completed on Infrastructure Work:</b> Department of General Services completed the construction of the

# ENFORCEMENT, CLEANUP AND ACTIVITIES SUMMARY (Contd.)

	new infrastructure work surrounding the Stadium site and also relocating existing utilities from the Stadium site. DGS also transitioned the Stadium site over to DC United.
October 4-5, 2016	<b>Large-scale Cleanup of Industrial Plants:</b> The Department of Public Works (DPW) performed a large-scale cleanup of dust, dirt and rocks from the streets in and around the industrial plants adjacent the stadium site, including First Street, Half Street, South Capitol Street, Potomac Avenue, R Street, and Q Street. <b>DPW collected 13.43 tons of debris over 2 days of cleanup.</b>
October 5-6, 2016	<b>DOEE Inspections:</b> DOEE's Air Quality Division conducted an inspection of Superior Concrete and found two violations of 20 DC Municipal Regulations § 605.1 (failure to minimize fugitive dust).
October 5-6, 2016	<b>DOEE Inspections:</b> DOEE's Air Quality Division conducted an inspection of Recycled Aggregates and found two violations of 20 DC Municipal Regulations § 605.1 (failure to minimize fugitive dust).
October 5-6, 2016	<b>DOEE Inspections:</b> DOEE's Air Quality Division conducted an inspection of Virginia Concrete (Vulcan) and found two violations of 20 DC Municipal Regulations § 605.1 (failure to minimize fugitive dust).
October 5-6, 2016	<b>Street Sweeping for Dust Control:</b> DPW performed a thorough street sweeping and flushing (watering down) of the residential streets around the stadium site, including First Street, Half Street, and Q Street. This is supplemental to the regular street sweeping conducted around the perimeter of the stadium site and the Pepco substation site as part of the sediment erosion (dust) control plan for each.
October 27, 2016	<b>DOEE Enforcement:</b> DOEE issued an enforcement notice (DOEE-16-A500800) charging Superior Concrete with two violations of 20 DC Municipal Regulations § 605.1 (failure to minimize fugitive dust) that occurred on October 5-6, 2016.
October 27, 2016	<b>DOEE Enforcement:</b> DOEE issued an enforcement notice (DOEE-16-A500801) charging Virginia Concrete (Vulcan) with two violations of 20 DC Municipal Regulations § 605.1 (failure to minimize fugitive dust) that occurred on October 5-6, 2016.
October 27, 2016	<b>DOEE Enforcement:</b> DOEE issued an enforcement notice (DOEE-16-A500802) charging Recycled Aggregates with two violations of 20 DC Municipal Regulations § 605.1 (failure to minimize fugitive dust) that occurred on October 5-6, 2016.
October 28, 2016	<b>DOEE Enforcement:</b> DOEE's Water Quality Division issued an administrative order to Superior Concrete for non-compliance with the Multi-Sector General Permit (MSGP).
October 28, 2016	<b>DOEE Enforcement:</b> DOEE's Water Quality Division issued an administrative order to Recycled Aggregate for non-compliance with the Multi-Sector General Permit (MSGP) and discharge of unauthorized non-stormwater from their facility.

## WORKFORCE INVESTMENT COUNCIL (WIC) D.C. UNITED PROJECT IMPACT:

- 25 partnerships established with community-based organizations (CBOs) and businesses
- 350 residents reached
- 120 residents who have documented interest (via event sign-ups)
- 92 residents who have received resume assistance and provided updated resumes
- 61 referrals made to training and employment opportunities
- 14 residents placed in pre-apprenticeship programs
- 5 residents hired

## COMMUNITY BASED ORGANIZATION MEETINGS

The D.C. United Community Workforce Coordinator organizes monthly meetings with community-based organizations (CBOs)

## SUMMARY OF ACTIVITIES (August 2016 – October 2016)

MEETING DATE (2016)	MEETING TITLE & DESCRIPTION	APPROX. ATTENDEES	TOPICS DISCUSSED
August 9, 2016	<b>Workforce Development Meetings:</b> D.C. United met with Unite Here and CHOICE Labor Unions to discuss workforce development for the stadium project.	DC United, CHOICE, WIC	<b>Workforce Development</b> (Overview and Job Opportunities)
August 11, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) met with Access Green to discuss construction apprenticeship opportunities and learn about ancillary opportunities for Ward 6 residents.	WIC, Access Green	<b>Workforce Development</b> (Construction Apprenticeship)
August 17, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) met with DCHA to discuss job readiness training on site in Ward 6 public housing.	WIC, DCHA	<b>Workforce Development</b> (Job Readiness)
August 24, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) met with Building Futures to discuss pre-apprenticeship training programs.	17 People WIC, Building Futures	<b>Workforce Development</b> (Pre-apprenticeship Training)
August 26, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment	8 People	<b>Workforce Development</b>

# WORKFORCE INCENTIVE PROGRAM SUMMARY (Contd.)

	Coordinator (WIC) met with residents at Skyland Workforce Center to provide an overview of workforce opportunities.	WIC, Skyland Workforce Center	(Overview)
August 30, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) had a conference call with Catholic Charities, Green Construction, and Thrive to discuss pre-apprenticeship referrals and job opportunities.	WIC	<b>Workforce Development</b> (Pre-apprenticeship Training and Job Opportunities)
September 8, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) met with CHOICE Labor Unions to discuss pre-apprenticeship training programs and other workforce development opportunities for the stadium project.	1 referred to CHOICE	<b>Workforce Development</b> (Pre-apprenticeship Training and Job Opportunities)
September 12, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) met with Empower DC to connect residents to employment and job readiness program opportunities.	<b>6 People</b> WIC, Empower DC	<b>Workforce Development</b> (Job Readiness)
September 14, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) met with Strive DC to connect residents to employment and job readiness program opportunities.	<b>11 People</b> WIC, Strive DC	<b>Workforce Development</b> (Job Readiness)
September 19, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) spoke with students at SOME about referrals for employment and job readiness program opportunities.	<b>10 People</b> WIC, SOME	<b>Workforce Development</b> (Job Readiness)
October 6, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) met with Building Futures and successfully placed three individuals into pre-apprenticeship programs.	<b>17 People</b> WIC, Building Futures	<b>Workforce Development</b> (Pre-apprenticeship Training)
October 11, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) conducted mock interviews with clients at the Academy of Hope to help prepare them for job interviews.	<b>22 People</b> WIC, Academy of Hope	<b>Workforce Development</b> (Job Readiness)
October 14, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) met with Skyland Workforce Center and successfully placed one individual into an apprenticeship program.	<b>6 People</b> WIC, Skyland Workforce Center	<b>Workforce Development</b> (Apprenticeship Training and Job Readiness)
October 17, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) met with the Mayor's Office on Returning Citizens Affairs (MORCA) to discuss recruitment for employment and job readiness program opportunities. 10 placed in pre apprenticeship program	<b>40 People</b> WIC, MORCA	<b>Workforce Development</b> (Job Readiness)

# WORKFORCE INCENTIVE PROGRAM SUMMARY (Contd.)

October 17, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) met with Samaritan Ministries to discuss job readiness training opportunities.	<b>7 People</b> WIC, Samaritan Ministries	<b>Workforce Development</b> (Job Readiness)
October 18, 2016	<b>Workforce Development Meeting:</b> The D.C. United Workforce Investment Coordinator (WIC) conducted mock interviews with clients at SOME to help prepare them for job interviews.	<b>8 People</b> WIC, SOME	<b>Workforce Development</b> (Job Readiness)

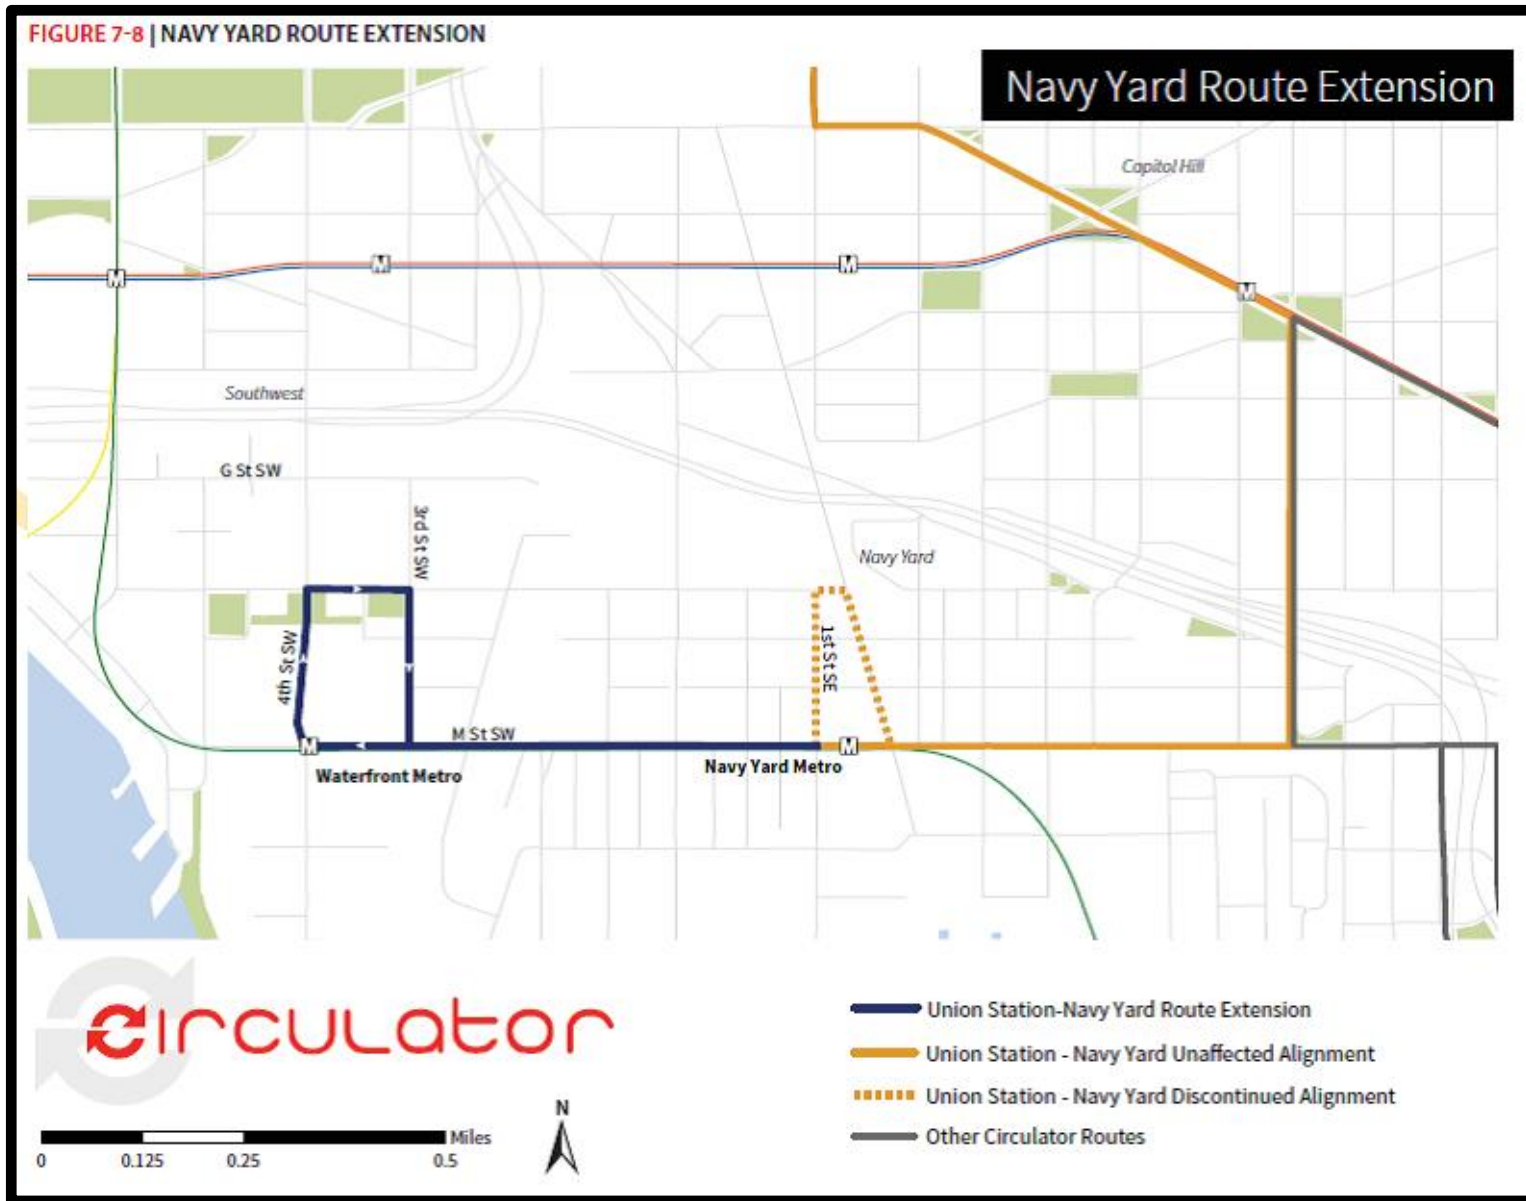

## PROPOSED NAVY YARD CIRCULATOR EXTENSION

The 2014 Circulator Transit Development Plan (TDP) recommended extending the Union Station to Navy Yard route to the Waterfront Metro Station. DDOT's top priority in the past 2 years has been providing high quality, reliable service and addressing vehicle maintenance needs. The primary limitation on Circulator fleet expansion is the lack of adequate maintenance facilities. DDOT is currently working with the Department of General Services to identify property to meet short-term and long-term maintenance facility needs.

As DDOT has worked to resolve these service and maintenance issues, we are advancing the planning for the route extension and taking into account the opening of Phase I of the Wharf in October 2017. The Community Benefits Agreement for the DC United Soccer Stadium allocated funding for purchasing buses specifically to reinstate the north/south route to the Convention Center. This route is already served by the #74 Metrobus, which runs to P Street SW on 12-15 minute headways in peak hours, but does not meet WMATA's performance criteria for ridership and cost recovery. In addition to route expansions to serve Southwest neighborhoods with Circulator service, DDOT will be using the mechanism of the DC United Traffic Operations and Parking Plan (TOPP) to evaluate how Circulator service can be augmented to support stadium operations and provide service to Buzzard Point in conjunction with stadium events.

Furthermore, in 2017 DDOT will begin a system-wide Circulator Service Development study which will take a comprehensive and quantitative look at existing and potential Circulator routes and result in a 2017 Transit Development Plan. Through this planning process, DDOT will evaluate options to enable the implementation of a detour of the Southwest Waterfront extension of the Union Station - Navy Yard route on game days to provide service south of M Street for stadium events.

# NAVY YARD PROPOSED CIRCULATOR EXTENSION - MAP
