INTRODUCTION

The Government of the District of Columbia (“District”), through the Office of the Deputy Mayor for Planning and Economic Development (“DMPED”) and the Department of Housing and Community Development (“DHCD”), seeks to develop the vacant parcel 1909 Martin Luther King Jr. Avenue SE Lot 0829 in Square 5770 (“MLK Site”) and vacant lot and storefronts at 1201 – 1215 Good Hope Road SE Lots 1017, 0847, 0867, 0866, and 0864 in Square 5769 (“GHR Site”), located at the intersection of Martin Luther King Jr Avenue SE and Good Hope Road SE (together “the Sites”).

DMPED and DHCD invite qualified Development Teams (“Respondents”) with experience in small to medium scaled commercial and/or mixed-use development to respond to this Request for Proposals (“RFP”) for the disposition and development of both the MLK Site and GHR Site into the MLK Gateway Community. The partnership between DMPED and DHCD creates a unique opportunity for the Development team to work with both agencies on realizing the economic development potential of this retail corridor. The agency partnership seeks a proposed development that will transform this intersection into a vibrant neighborhood gateway spurring additional private development in Historic Anacostia.

A high priority has been placed on aiding the redevelopment efforts of the Sites to serve as the gateway into historic Anacostia, as well as the gateway to downtown via the new 11th Street Bridge. The Sites sit along an existing “Great Streets” corridor and will anchor a new Martin Luther King Jr. Street Initiative whereby the street will act as a living memorial to reflect the dignity and valor Martin Luther King Jr stood for.

The District will only consider proposals that provide development schemes for **both** the GHR Site and MLK Site in order to realize and introduce a true Gateway to Anacostia. The Respondents that present the most innovative, comprehensive, and community supported solution may be “short listed” for interviews and/or a “best and final” proposal may be requested before a final selection is made.

PROJECT DESCRIPTION

Anacostia is one of Washington's oldest and most famous communities. Comprised of both the historic downtown as well as the traditional residential neighborhood to the east of the retail area, the district was listed in the National Register of Historic Places in 1978. The historic neighborhood includes the commercial main streets of Good Hope Road SE and Martin Luther King Jr. Avenue SE, the National Park Service sites of Anacostia Park East and the Frederick Douglass Home. Martin Luther King, Jr. Avenue SE is a prominent arterial street that connects several east-of-the-river areas, including Anacostia, Barry Farm, Bolling Air Force Base, and Congress Heights.

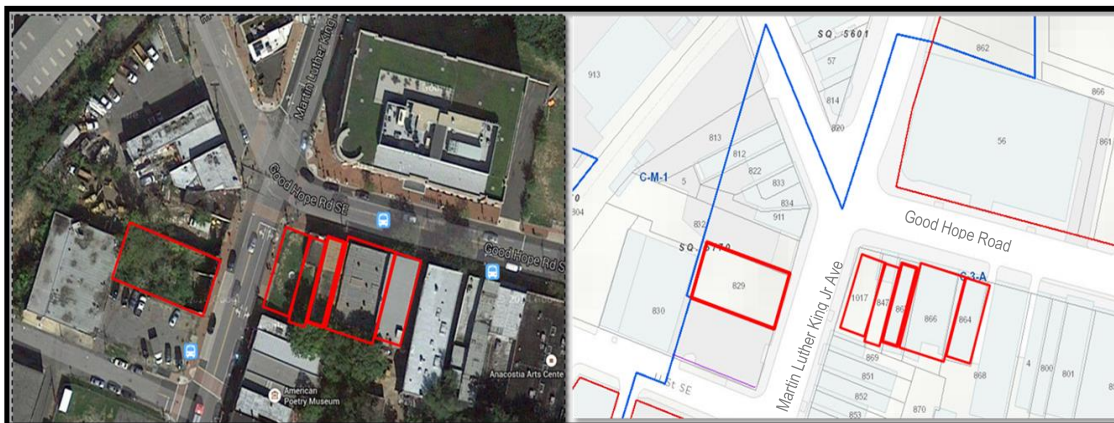

Location, Frontage, Size: As shown on Figure 1 below, the GHR Site is a compilation of five (5) adjacent lots fronting Good Hope Road SE and the MLK Site is a single lot fronting Martin Luther King Jr. Avenue SE.

The GHR site has a land area of 13,287 square feet with approximately 141 feet of street frontage. It includes five (5) parcels- four vacant retail masonry structures and one lot of unimproved land. DHCD is in the process of stabilizing the four vacant buildings. The building stabilization scope includes:

- Structural repairs to the roof or other structural systems
- Remediation of all hazardous materials, including but not limited to mold, lead based paint, asbestos and radon containing materials
- Removal of any façade that is not part of the original buildings
- Restoration of the original storefront design to the building.

The MLK Site is a rectangular lot of unimproved land containing 5,400 square feet of land area with approximately 54 feet of street frontage.

FIGURE I

Soil & Environmental: The Development Parcels are offered "as-is". Phase 1 studies of both Sites are available on the DMPED website. DMPED makes no representations or warranties as to any soil or environmental conditions at the Sites.

DISTRICT OF COLUMBIA POLICY GOALS AND REQUIREMENTS

First and foremost, the District requires that any proposed development program be economically viable to construct and operate. Additional District of Columbia goals and requirements are explained below.

Zoning and Planning Framework

Zoning

Both the GHR Site and MLK Site are zoned C-3-A which is designed to accommodate major business and employment centers and mixed uses along arterial streets. C-3-A zoning permits medium density development, for a broad range of uses, including retail, office, and residential. The maximum Floor Area Ratio ("FAR") permitted is 4.0, of which a maximum of 2.5 may be used for non-residential uses, and the maximum height of 65 feet. Both FAR and height may be limited by other site factors, including historic restrictions on new construction additions to the GHR Site.

On September 6, 2016 the existing zoning code will be replaced with a new one, the result of the eight-year Zoning Regulations Review process. Under the new zoning code, the zoning of the sites will be MU-7; the general use and building provisions are similar to the current C-3-A and building height and FAR are unchanged.

The MLK Site is not large enough for a Planned Unit Development (PUD). The GHR Site also does not meet the minimum lot size requirement for a PUD, but is large enough that the Zoning Commission may grant a request to waive the requirement for a primarily residential development pursuant to Section 2401.2 of the zoning regulations. **However, DMPED and DHCD have a strong preference for the GHR Site to be primarily commercial.**

Respondents should review all applicable District of Columbia Zoning regulations. Respondents should refer to the DCMR Title 11, Zoning Regulations, available on the Office of Zoning website: www.dcoz.dc.gov. The new ZR-16 regulations are also available on the same website.

Respondents shall detail zoning strategy for the Sites in their proposals. For additional information regarding zoning for the Site, please contact Joel Lawson at OP at 202-442-8802, or email joel.lawson@dc.gov.

Planning

GHR Site:

Comprehensive Plan: This site is designated on the Comprehensive Plan Future Land Use Map for mixed "Medium Density Commercial/Residential" development, which anticipates residential, office, retail, hotel, or other commercial or mixed-use development. The Comprehensive Plan Generalized Policy Map places this site within a Main Street Mixed Use Corridor, which is a business corridor that typically features a pedestrian-oriented environment with traditional storefronts and upper story residential or office uses. The site is within the Far Southeast/Southwest Area Element. The east end of the site is designated for low density commercial.

MLK Site

Comprehensive Plan: This lot is designated on the Comprehensive Plan Future Land Use Map for mixed "Moderate Density Residential" development, which anticipates rowhouse or low rise multi-family development. The Comprehensive Plan Generalized Policy Map places this site within a Neighborhood Enhancement Area, where small scale infill development is anticipated.

Both sites are located within a Main Street Mixed Use Corridor designation on the Comprehensive Plan Generalized Land Use Map.

Several planning initiatives have taken place in or adjacent to Anacostia. The primary goal of these plans is to revitalize the housing and commercial stock and to improve the neighborhood amenities within Anacostia. These plans include:

- 1) ULI Washington-Anacostia Gateway Panel Report of 2010:
http://washington.uli.org/wp-content/uploads/sites/56/2011/06/Anacostia-Gateway_TAP_FINAL.pdf
- 2) CHASE Action Agenda and Implementation Blueprint (Completed in 2014)
<http://planning.dc.gov/publication/chase-action-agenda>
- 3) Anacostia Transit Area Plan
<http://planning.dc.gov/publication/status-anacostia-transit-area-plan>

Historic Preservation & Rehabilitation

The two sites are located in the Anacostia Historic District and are therefore subject to Historic Preservation Office review and Historic Preservation Review Board approval for any new construction and/or additions. Alterations, additions and new construction should be compatible with the character of the Historic District and reference the context of the both the site and nearby historic buildings.

Respondents should be aware that DHCD is the process of restoring the existing façades along the GHR Site and these facades will need to be maintained. New construction on both sites will have to be compatible with the character of the historic district and the immediate context of historic buildings, taking into consideration their heights, massing, materials and proportions.

The MLK Site was formerly improved with a brick and stucco commercial building of two stories constructed in 1905. The building originally contained approximately 8,263 square feet of gross building area and was designed as three distinct commercial units with separate store front entrances. After decades of neglect and a massive fire, both the roof and upper floors collapsed.

Respondents are encouraged to consult with the Historic Preservation Office within the Office of Planning early in their project planning so they may provide guidance and direction on the preservation review process. New construction will require review by the Historic Preservation Review Board. For guidance on redevelopment, please contact Tim Dennee of the Historic Preservation Office for information on the historic preservation process at 202-442-8847, or email timothy.dennee@dc.gov.

Respondents are also strongly encouraged to take advantage of the federal rehabilitation tax credit, eligible for qualified expenses related to the renovation of designated historic property. Please contact Steve Callcott at the Office of Planning ("OP") at 202-741-5247, or email steve.callcott@dc.gov for more information.

Transportation and Public Space

The District Department of Transportation ("DDOT") is committed to achieving an exceptional quality of life in the District through more sustainable travel practices, safer streets, and outstanding access to goods and services. In this process, DDOT works with project sponsors to minimize the impacts to the transportation network through the creation of an appropriate site plan that addresses site access, loading, and public space and a transportation demand management plan that minimizes vehicular trips and provides for adequate non-motorized facilities.

It is noted that if vehicular site access is sought for the GHR Site, preference would be for it to be provided via sharing of the adjacent driveway on Good Hope Road. Any new proposed curb cuts would require Public Space Committee approval, and must abide by all DDOT standards, which do not allow driveway entrances within 60' of an intersection and 32' from any adjacent driveway or alley. Overall, DDOT seeks to minimize the number of curb cuts, and site design should be closely coordinated with DDOT. All loading must be accommodated with front-in/front-out maneuvers within public space. Utility vaults should be within private space. Full restoration of the public space is expected, including planting additional street trees, and upgrading street lights as necessary. Additional information on DDOT's policies regarding development review guidelines can be located at DDOT's website: <http://ddot.dc.gov/page/development-review>.

This site provides access to a robust existing transportation network. Currently, there is a Capital Bikeshare station at the intersection of Martin Luther King Jr. Ave., SE and Good Hope Road, SE. Future stations are planned along Martin Luther King Jr. Ave., SE and Pleasant Street, SE. Multiple bus routes traverse nearby this location, and it is within walking distance of the Anacostia Metro Station. In addition, DDOT could in the future propose a streetcar alignment on Martin Luther King Jr. Ave.

DDOT, in partnership with the Office of Planning, works to ensure the design of public space is of high quality and meets minimum requirements. To this end, the District has in place streetscape standards, guidelines, and policies to guide changes to public space. Uses that impact the character of public space include sidewalk cafes, vending, street festivals, and other impermanent activities. Physical features that impact the character of public space can include sidewalk paving material, fences and retaining walls, street trees and their spacing, vault spaces, other infrastructure like street lights or curb and gutters, and any building encroachments into the public space.

The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual (<http://ddot.dc.gov/page/design-and-engineering-manual>) for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual (<http://ddot.dc.gov/PublicRealmDesignManual>).

For further information from DDOT, please contact Ryan Westrom of DDOT's Policy, Planning, and Sustainability Administration at 202.671.2041, ryan.westrom@dc.gov.

Affordable Housing

In the District's efforts to provide a greater number of Affordable Dwelling Units (ADUs), if a Respondent's proposed development plan includes a residential component, then Respondent's proposal must include, at a minimum, the number of ADUs at the Area Median Income (AMI) levels that are required by both the Disposition of District Land for Affordable Housing Amendment Act of 2014 (D.C. Act 20-485) ("ADU Act") and the Inclusionary Zoning provisions of the District of Columbia Zoning Regulations (11 DCMR §§ 2600 *et seq.*), as applicable. Under the ADU Act, proposals with residential components are required to provide 30% of the units to be affordable for the life of the building. Respondents are encouraged to propose more affordable housing than the minimum requirements.

Among other provisions, an affordability covenant will provide that any building containing residential units shall have a proportional distribution of unit types and sizes across multiple AMI levels so that ADUs are not clustered in any portion (floor, section, or tier) of the development, as well as being similarly sized to market units of the same type, have similar in-unit amenities, and access to all common area building amenities. Market rate and/or ADUs targeting senior citizens are considered an eligible residential use and must conform to the same affordability standards applicable to other residential unit types.

Each Respondent should use the most current Department of Housing and Urban Development (HUD) uncapped AMI data (reference Appendix E, Chart 1 on page 34). While Chart 1 presents the most current 2016 data, new AMI

data is published annually. The rent calculation formula is provided in Chart 2, the Occupancy Standard Factor used to price each ADU is provided in Chart 3, and the sale price formula is provided in Chart 4.

All affordable rent payments collected may not exceed the Maximum Allowable Rent for an ADU (reference Appendix E, Chart 2). Developer should perform a market study of Anacostia and ensure that their proposed affordable unit rent or purchase prices are below the market. Rents or Sales Prices estimated by the developer for ADUs shall not exceed those on the current Maximum Purchase price and Rent Schedule for the Inclusionary Zoning Program and all utility costs should be added in the proposed rental rates in determining allowable maximum rent. The current District of Columbia Housing Authority 2016 Utility Allowances is contained on Appendix G and should be used in project underwriting.

The initial sales price for an affordable unit may not exceed the Maximum Allowable Sales Price for ADUs (reference Appendix D, Chart 4).

Respondents shall describe the strategy for marketing, operation and administration of their affordable housing units. Partnering with an organization that has demonstrated expertise in the administration, development, operation and management of affordable housing is encouraged, if Respondent does not already have this expertise.

Community & Stakeholder Outreach

The success of any development project hinges on the inclusion and support of the local community. Respondents must consider and incorporate stakeholder and community preferences, to the extent feasible. As such, Respondents are strongly encouraged to work with local representatives and organizations to understand how the community's goals can be met in the Respondent's proposal. Entities Respondents are encouraged to consult include the Advisory Neighborhood Commission (ANC) 8A and SMD 8A06, Historic Anacostia Block Association (HABA) and the Historic Anacostia Preservation Society (HAPS). Respondents are encouraged to engage in a meaningful community outreach process to address community concerns.

Sustainability and Green Building Requirements

The MLK/Gateway Site shall be developed in compliance with the District of Columbia's Green Building Act of 2006, codified in D.C. Official Code § 6-1451.01 *et seq.* (2012) and the District's storm water management regulations published in [Chapter 5 of Title 21](#) of the DCMR and [Chapter 31 of Title 20](#) of the DCMR. Specific design criteria are stated in the District's Storm Water Guidebook which is available online at <http://doee.dc.gov/publication/stormwater-guidebook>.

The Sustainable DC Plan was established to ensure that the District become the healthiest, greenest, and most livable city in the nation. The Plan encompasses 32 goals and 31 targets, and offers 143 specific actions in the areas of the built environment, energy, food, nature, transportation, waste and water. The Sustainable DC Plan is found at <http://www.sustainabledc.org/about/sustainable-dc-plan/>. Respondents should review the plan and highlight their qualifications and experience in developing sustainable projects, if any, in their response.

Furthermore, as outlined in the Sustainable DC Plan, the District of Columbia has committed to improving the performance of existing buildings and ensuring the highest standards of green building design for new construction. By 2032, the city has committed that retrofits of existing commercial and multi-family buildings and all new construction projects meet net-zero energy use standards. The existing laws and regulations, including the Green Building Act of 2006, the DC Green Construction and Energy Conservation Codes, and the stormwater regulations, among others, provide a strong foundation for the broader sustainability goals of the District. However, in order to achieve the targets set forth in the Sustainable DC Plan, the DC government plans to lead by example and give additional consideration for projects that are exceeding the basic legal requirements and forging a path towards true sustainability. Therefore, in this RFP, preference may be given to projects that:

Exhibit a commitment to environmental performance beyond the requirements set forth in existing laws and regulations, including commitments to LEED v4 certification at the Platinum level or higher.

- Surpass basic LEED certification by designing to be net zero energy “ready” (deep efficiency with energy use intensities below 30 kBtu/square foot/year), achieve net positive energy (either produced onsite and/or from newly installed renewable energy in the region), net zero waste (meaning above 90% diversion of waste both during construction and when occupied), and/or retain stormwater volume for the 1.7 inch rain event or higher, and collect and reuse rainwater and greywater onsite; OR
- Design and construct to achieve either full or petal certification under the Living Building Challenge program. The Living Building Challenge is the world’s most rigorous building performance standard. Projects achieving full certification demonstrate a connection to nature and place, net-positive energy generation, net-zero water use, healthy and active design, integration of ecologically responsible material, and equitable development strategies.

DC-specific market analysis reveals that there are strong financial incentives for building deeply green, utility efficient, buildings with renewable energy systems. The [Net Zero and Living Building Challenge Financial Study: A Cost Comparison Report for Buildings in the District of Columbia](#) found a 3-year simple payback for typical multifamily, commercial retrofits, or office new construction when incorporating deep energy efficiency and then achieving net zero energy by deploying renewables. A [national study of solar financial incentives](#) also lists DC as one of the top cities to invest in solar photovoltaics.

To build capacity for this type of deep green building, the District government has a range of initiatives that include financial assistance resources for potential project teams. These include the [DC Sustainable Energy Utility](#), [DC PACE Program](#), [RiverSmart Communities](#), [RiverSmart Rewards](#), [RiverSmart Rooftops](#) and the [Stormwater Retention Credit Trading](#) programs.

For more information, contact Jay Wilson of DOEE’s Urban Sustainability Administration at 202.535.2460, jay.wilson@dc.gov.

First Source

Respondents recognize that one of the primary goals of the District of Columbia government is the creation of job opportunities for District of Columbia residents. Accordingly, the Respondent selected by the District to enter into a disposition agreement shall enter into a First Source Agreement with the Department of Employment Services (“DOES”) pursuant to DC Code § 10-801(b)(7) and the Workforce Intermediary Establishment and Reform of the First Source Amendment Act of 2011 (D.C. Law 19-84, D.C. Official Code §§ 2-219.01 et seq.) and the rules and regulations promulgated thereunder and Mayor’s Order 83-265. This agreement shall, among other things, require the Respondent to: (i) hire and require its architects, engineers, consultants, contractors, and subcontractors to hire at least fifty-one percent (51%) District of Columbia residents for all new jobs created by the development project, all in accordance with such First Source Employment Agreement and (ii) ensure that at least fifty-one percent (51%) of apprentices and trainees employed are residents of the District of Columbia and are registered in apprenticeship programs approved by the DC Apprenticeship Council as required under D.C. Official Code §§ 32-1401 et seq. For more information on the District’s DOES apprenticeship program, please visit the following website: <http://does.dc.gov/service/apprenticeships>. Collective bargaining agreements shall not be the basis for the waiver of these requirements.

Respondents must complete the [Form of Acknowledgement](#) attached as Appendix A.

Please contact DeCarlo Washington, Contract Compliance Monitor, at DOES at 202.698.5772 and decarlo.washington@dc.gov if you require additional information.

Certified Business Enterprises

The Respondent selected by the District to enter into a disposition agreement shall comply with the requirements of the Small and Certified Business Enterprise Development and Assistance Act of 2005, D.C. Official Code §§ 2-218.01 et seq. ("CBE Act"). Pursuant to D.C. Official Code §10-801(b)(6) and the CBE Act, the selected Respondent shall subcontract to Small Business Enterprises ("SBEs") at least 35% of the total development budget. If there are insufficient qualified SBEs to fulfill the 35% requirement, the requirement may be satisfied by subcontracting 35% to qualified Certified Business Enterprises ("CBEs"). A CBE Respondent selected is not required to comply with the 35% SBE subcontracting requirement if the entire development project is performed using its own organization and resources. Pursuant to §2-218.49a of the CBE Act, Small Investors, Disadvantaged Investors, or Certified Equity Participants shall invest at least 20% of the total sponsor equity, excluding debt financing, mezzanine financing, or other equity contributions by limited or institutional investors; and, in addition to complying with the general 35% SBE subcontracting provisions, at least 20% of the dollar volume of non-construction development goods and services shall be subcontracted to SBEs, and if there are insufficient qualified SBEs to fulfill this requirement, then the requirement may be satisfied by contracting 20% of that dollar volume to any qualified CBEs. If the entity that controls the development project is an entity tax-exempt under 26 U.S.C.S. § 501(c), or other not-for-profit entity, such entity is exempt from the equity and development participation requirements, pursuant to §2-218.49a of the CBE Act, set forth above. The District's Department of Small and Local Business Development ("DSLBD") determines which entities are certified as SBEs, CBEs, Small Investors, Disadvantaged Investors, and Certified Equity Participants pursuant to the CBE Act. Respondents are encouraged to exceed the District's SBE/CBE subcontracting and participation requirements.

Respondents must complete the [Form of Acknowledgement](#) attached as Appendix A.

Please contact Malik Edwards, Interim General Counsel, at DSLBD malik.edwards@dc.gov, if you require additional information regarding the CBE Act requirements.

Davis Bacon

To the extent applicable, the selected Respondent shall be required to develop the Sites in compliance with the provisions of the Davis-Bacon Act, 40 U.S.C. § 276(a), and the regulations promulgated therewith. It shall be the Respondents responsibility to determine if Davis-Bacon Act is applicable.

Hotel Uses

A Respondent whose response contemplates a hotel use within the building will be required to enter into a Labor Peace Agreement as required under "Hotel Development Projects Labor Peace Agreement Act of 2002", D.C. Official Code §§ 32-851 et seq. with any labor organization that seeks to represent employees involved in hotel operations at the property as a part of its response to the RFP. "Labor Peace Agreement" means a written agreement between the Respondent and the labor organization that contains, at a minimum, a provision prohibiting the labor organization and its members from engaging in any picketing, work stoppage, boycott, or other economic interference with the Respondent's operations or the Project. The requirement above shall be included in any request for proposals or similar solicitations by the Respondent that pertains to hotel operations at the property.

EVALUATION PROCESS

Selection Recommendation Panel

A multi-agency Selection Recommendation Panel ("Panel") may be established to review and evaluate the responses. If established, the composition of the Panel will be determined by the District, in its sole discretion. DMPED and/or the Panel may consult with professional consultants, advisors, and other stakeholders for technical assistance. DMPED and/or the Panel will evaluate each response, taking into account the information provided in response to the RFP and the best interests of the District.

Evaluation Criteria

Successful proposals will demonstrate that the Respondent has (i) proposed use(s) for the Sites that are consistent with District's Policy Goals and Requirements; and (ii) the financial capacity and ability to successfully close the transaction within an attainable redevelopment timeline to convert the Sites to their optimal utility.

Among other factors, responses will be evaluated for completeness, market feasibility, innovative ideas, and the strength of the financial response. The basis upon which Respondents will be measured includes, but is not limited to, the following:

Attainment of District Policy Goals

The District will more highly rate Development Teams who:

- i. Maximize economic value to the District;
- ii. Demonstrate, through entity experience and expertise of proposed key personnel, that they are qualified to execute a high-quality project of this scale;
- iii. Provide evidence of sufficient organizational and financial capability to ensure timely delivery of the Project on budget; and
- iv. Improve the quality of life for the surrounding neighborhood by incorporating the District's goals with respect to promoting vibrant, walkable, mixed-use neighborhoods and commercial corridors.

More specifically, higher ratings will be given to Respondents who achieve and exceed the following District policy goals by:

- i. Assembling nearby private parcels into the development proposal.
- ii. Maximizing the overall economic benefit to the District, including:
 - Maximizing the development envelope; such as through assemblage of adjacent land parcels and modification of current zoning;
 - Maximizing value to the District through incremental property and sales taxes and/or land value proceeds (paid by Respondent to the District) and;
 - Maximizing community benefits, including affordable housing and job creation and/or apprenticeship programs for District residents, particularly for residents within 1-mile of the property.
- iii. Seeking the least amount of subsidy (either through a reduction in fair market value or through other District or federal public financing tools) to fill anticipated financing and/or investment gaps in the Project's capital structure.
- iv. Providing Ward 8 residents and businesses with opportunities to participate in the Project. Evidence of the inclusion of such businesses shall be in the form of written confirmation from such neighborhood-based businesses which shall include the scope and details of the said businesses' involvement in the Project.

Project Financial Feasibility and Team's Financial Capacity

Teams whose responses satisfy the following criteria may be eligible for higher ratings:

- i. Demonstrate that they possess the financial resources to execute the project requirements;
- ii. Provide realistic and achievable funding plans, including sources and uses tables and multi-year pro-forma development budgets;
- iii. Display a willingness to provide the District with fair consideration for its real property assets. Land payment(s) to the District will be strongly considered;

- iv. Demonstrate significant investments of "at risk" capital during the pre-development and development process; and
- v. Exhibit a willingness to provide the District with a meaningful guarantee regarding payment and performance through final project completion.

Announcement of Short List

Upon review of the responses, DMPED and/or the Panel may, at its sole discretion, identify a short list of Respondents and has the sole and absolute discretion to conduct discussions with all, or some, of the Respondents on the short-list via "Best and Final Offer" submissions. DMPED will contact all Respondents and inform them of the results of the selection review process.

Best and Final Offer Submission

Upon review of the responses, DMPED and/or the Panel may, at its sole and absolute discretion, conduct discussions with all, or some, of the Respondents via "Best and Final Offer" submissions. If Respondents are asked to submit a "Best and Final Offer", Respondents are expected to adhere to the additional guidance provided by DMPED and submit a final revised proposal for DMPED's final consideration. Upon receiving the "Best and Final Offer", DMPED reserves the right to have additional rounds of requests for information, and conduct further discussions and negotiations if the Best and Final Offers lack adequate information to reach a final selection. At DMPED's sole discretion, Respondents may be asked to present their "Best and Final Offers" to the community to gain additional community feedback.

Final Selection & Notice

Following receipt of any additional information, if requested, DMPED may submit, in its sole and absolute discretion, one or more responses, as modified through any negotiations, to the Mayor as a recommendation. The Mayor, in her absolute discretion, may accept the recommendation. Upon acceptance of a recommendation by the Mayor, DMPED shall notify the selected respondent(s), if any. Ultimately, the Mayor will submit the proposed transaction to the Council of the District of Columbia ("Council") for its approval in accordance with applicable District law (see the "Disposition Agreement & Approval" section in this RFP for more details).

DMPED reserves the right, at its sole and absolute discretion, to reject any proposal it deems incomplete or unresponsive to the submission requirements. DMPED also reserves the right, at its sole and absolute discretion, to reject all proposals and re-advertise at a later date. If a submission is deemed incomplete, that Respondents' letter of credit will be returned. In the event that DMPED determines it should reject all submissions, all deposits will be refunded.

DMPED reserves the right to make the final development selection on the basis of initial Proposals without discussions with the Respondents. Accordingly, Respondents' initial Proposals should contain their best terms from the standpoint of the evaluation factors identified in this RFP. However, DMPED also reserves the right, in its sole and absolute discretion, to conduct discussions with all, or some, of the Respondents and solicit revised Proposals and "Best and Final" offers in order to make the final selection on the basis of such revised Proposals.

Post-Selection Due Diligence

Following receipt of notification from the DMPED of the selection, the selected Respondent shall execute a right of entry agreement with the District to allow the selected Respondent to begin due diligence and studies on the property.

Disposition Agreement & Approval

If one Respondent is thereby chosen for commencement of negotiations, the selected Respondent may be requested by the District to proceed to negotiate a disposition agreement. If the District and selected Respondent are unable to execute a disposition agreement within one hundred and twenty (120) days after the date of selection, the District, in its absolute and sole discretion, may terminate negotiations and select a different Respondent who responded to the RFP; re-issue the RFP; issue a modified RFP, or take such other measures as it deems reasonable, appropriate, or necessary. **All costs incurred by the Respondents in responding to this RFP and in performance of due**

diligence and predevelopment work shall be at Respondents' sole cost and expense. Under no circumstances shall the District be responsible for the reimbursement of any such costs.

The District, through DMPED, and the selected Respondent will attempt to negotiate in good faith a disposition agreement which shall incorporate the requirements contained in this RFP, the Term Sheet (see Appendix D), and such other terms as may be required by DMPED or may be agreed to by DMPED and the selected Respondent. Upon completion of the parties' negotiation, DMPED will recommend such Respondent and proposed business terms to the Mayor. If the Mayor agrees with DMPED's recommendation, then the Mayor will submit the proposed transaction to the Council of the District of Columbia ("Council") for its approval of the disposition of the property in accordance with D.C. Official Code § 10-801 (2008 Supp.). **In accordance with D.C. Official Code § 10-801, the District is not authorized to convey or lease any real property unless and until authorized by the Council.**
