INTRODUCTION

Overview of Development Opportunity

The Government of the District of Columbia (the "District"), through the Office of the Deputy Mayor for Planning and Economic Development ("DMPED"), seeks to develop Lots 830¹ and 834, along with Air Rights Lot 7000 in Square 0560 (collectively, the "Development Parcels," see Figures 1 and 2 below for Development Parcels Map and Information). The Development Parcels are located directly above the I-395 freeway, bounded by 2nd Street NW to the east, H Street NW to the south, 3rd Street NW to the west, and K Street NW to the north.

DMPED invites qualified development teams ("Respondents") to respond to this Request for Proposals ("RFP") for the disposition and development of the Development Parcels, totaling approximately 86,995 square feet, pursuant to either a ground lease of no less than twenty (20) years or a fee simple transfer.

For Air Rights Lot 7000, public records indicate that the existing air rights were created by a certain 1985 Deed,² as restated in a certain 1990 Deed,³ designated as Air Rights Lot 7000 pursuant to a certain Assessment and Taxation Plat dated July 17, 1991,⁴ and delineated on a plat of subdivision filed in Survey Book 176, Page 178 among the records of the Office of the Surveyor of the District of Columbia. Public records further indicate that the area may have been subject to an Urban Renewal Plan for the Northwest Urban Renewal Area from 1968 until 1993 ("1963-1993 Urban Renewal Plan").⁵ The Urban Renewal Plan provided for the construction and operation of low- to moderate-income housing (the "Residential Use Provisions"), as well as for the construction and operation of a center leg freeway (the "Highway Use Provisions") below a two-level deck, which is currently the parking garage deck situated under the air rights lot and above the I-395 freeway. Although the Urban Renewal Plan has expired, the plan's Highway Use Provisions and Residential Use Provisions may continue to be referenced in the title history of the Development Parcels⁶ and may require negotiating releases of the provisions with the District or federal agencies. For example, a certain 1964 HUD Loan and Capital Grant Contract provided financial assistance in support of the Residential Use Provisions. A certain 1970 Supplementary Cooperation Agreement imposed use restrictions and covenants in support of the Highway Use Provisions and Residential Use Provisions. Pursuant to the 1970 Supplementary Cooperation Agreement, certain easements and covenants were created for the benefit of the District of Columbia Department of Transportation ("DDOT") in support of the Highway Use Provisions.⁷

Due to the location and title history of the Development Parcels, Respondents' submissions may require review and/or approval by the U.S. Department of Housing and Urban Development ("HUD"), the D.C. Housing Finance Agency ("DCHFA"), the U.S. Department of Transportation's Federal Highways Administration ("FHA"), DDOT, owners of the existing parking garage under the air rights lot, and/or adjoining landowners or other parties. Respondents are particularly encouraged to work with DDOT in creating their proposed development plans in order to anticipate required local and federal reviews and approvals.

The Development Parcels lie within the Mount Vernon Square neighborhood and are currently zoned C-2-C, which allows by-right high density development of a broad range of uses, including office, hotel, retail, and mixed use. C-2-C permits a by-right FAR of 6.0 (7.2 FAR through the District's mandatory Inclusionary Zoning program for affordable housing), although non-residential development is limited to a FAR of 2.0. C-2-C permits a by-right height of 90 feet. DMPED seeks a development team that will develop the lots in keeping with the goals set out in this RFP, and DMPED will accept both matter-of-right and Planned Unit Development ("PUD") proposals. The proposed development plans should further reflect the important value of this site to the surrounding community and embody the following characteristics:

- Economic viability;
- Uses that are compatible with and leverage surrounding neighborhood development;
- Responsiveness to community and stakeholder preferences;
- Innovative landscape and streetscape designs;

¹ Development rights to Lot 830 may include air rights similar to Air Rights Lot 7000 or alternative rights. Respondents are encouraged to include development proposals that consider varying property rights to Lot 830.

² 1985 Deed of Conveyance, recorded on December 12, 1985, Instrument Number 46858.

³ 1990 Corrective Deed, recorded on February 1, 1991, Instrument Number 5261.

⁴ Assessment and Taxation Plat, Square 560, Lot 7000, filed with the Office of Tax and Revenue, A & T Book 3751, Page O.

⁵ The 1963-1993 Urban Renewal Plan for the Northwest Urban Renewal Area, approved by the Board of Commissioners of the District of Columbia on October 10, 1963, recorded on October 22, 1963, in Liber 12091 at folio 359.

⁶ 1979 Deed of Conveyance, recorded on October 19, 1979, Instrument Number 35887.

⁷ 1985 Deed of Easement for the benefit of DDOT, recorded on September 9, 1985, Instrument Number 8500033147, as amended by that certain Amendment and Addendum to Deed of Easement, recorded on July 1, 1988, Instrument Number 8800036032, and re-recorded on July 18, 1988, as Instrument Number 8800038715.

- Retail uses; and
- Recreational uses.

Respondents that present the most innovative, comprehensive, and community supported development proposal may be “short listed” and/or a “best and final offer” may be requested before a final team selection is made.

Frontage, Size, and Shape: The Development Parcels are irregular in shape and comprise a portion of Square 0560 between 2nd and 3rd Streets NW and H and K Streets NW. The Development Parcels include the Air Rights Lot 7000 above an existing two-story garage and parking deck, along with Lot 830, which includes a portion of the same existing garage and parking deck, and Lot 834. The three lots together have a total size of approximately 86,995 square feet.

Existing Uses: The Development Parcels, exclusive of Lot 834, are subject to a monthly license in the form of a right of entry agreement for the operation of the parking lot on top of the garage. Construction of the Capital Crossing development may affect the existing ventilation improvements on Square 0560.

Visibility/Access: The Development Parcels have good visibility and access from 2nd Street NW.

Soil and Environmental: The Development Parcels are offered "as-is." DMPED makes no representations or warranties as to any soil or environmental conditions at the site.

Property Advantages: The Development Parcels lie between the NoMa and Mt. Vernon Triangle neighborhoods, blocks from the U.S. Capitol Building, Union Station, and the Downtown Business District. Public transit in the form of multiple nearby metro stations and high capacity bus lines provide very good accessibility.

- **Mount Vernon Triangle:** One of downtown's most vibrant and quickly growing neighborhoods, Mount Vernon Triangle offers an exciting mix of new places to live, work, shop and dine. Location is everything for this 17-square block neighborhood, within walking distance of the Washington Convention Center, Verizon Center, CityCenter DC, Union Station and the Capitol. With 3,700 existing residential units, 1.7 million square feet of office space, and 274,000 square feet of retail space, Mount Vernon Triangle is now a true destination in the heart of Washington, DC. Furthermore, with 1,200 residential units, 1.0 million square feet of office space and another 100,000 square feet of retail under construction or planned over the next few years, the Triangle is high on the list for residents, developers and businesses seeking a downtown location with an authentic neighborhood culture. City Vista, a large mixed-use project with 685 residential units and 117,000 square feet of retail space and a large plaza anchored by public art, is at the center of neighborhood life at 5th and K Streets NW. Perennial DC favorites, such as Busboys & Poets, Taylor Gourmet, Mandu, Chipotle, Sweetgreen, Safeway, 5th Street Ace Hardware and Vida Fitness, draw residents and visitors alike, while neighborhood services abound with locally-owned barbershops, nail salons, dry cleaners, computer services, office supply stores and child care centers. In the past few years, Politics & Prose, A Baked Joint, Eye Street Liquors, Silo, Philos, Alba Osteria, Tunnel Wine and Spirits, BicycleSPACE, solidcore, Orange Theory Fitness and Bhakti Yoga DC have made Mount Vernon Triangle their home, joined by exciting new restaurants such as Alta Strada, L'Homage Bistro Francais and Texas de Brazil. The neighborhood is easily walkable and accessible to public transit with four Metrorail stations (serving the Green, Yellow and Red lines at Mount Vernon Square-Convention Center, Gallery Place-Chinatown, Judiciary Square and Union Station) ringing the neighborhood, along with extensive bus and commuter bicycle service, including the popular DC Circulator and Capital Bikeshare stations. Major thoroughfares serving the Triangle include K Street, Massachusetts Avenue, New Jersey Avenue, New York Avenue and the I-395 freeway.
- **NoMa:** Located between Union Station and Union Market and only a few blocks from the Capitol, NoMa is one of the District's most exciting mixed-use centers. Today, First Street NE has become NoMa's central boulevard — a walkable, tree-lined main street complete with bike lanes, retail and pedestrian amenities, anchored by one of DC's largest Harris Teeter supermarkets. A former industrial area, this 35-block neighborhood will soon be home to more than 22 million square feet of high density, mixed-use development, including thousands of new residential units interspersed with high rise office buildings and new hotels, restaurants, shops, and cafes. Many well-known private companies, nonprofits, and government agencies call NoMa home including Save the Children, CareFirst, Kaiser Permanente, American Medical Association, Mathematica, NeighborWorks, the U.S. Bureau of Alcohol, Tobacco, Firearms and Explosives, the U.S. Department of Justice, and the U.S. Department of Education. NoMa is also a growing hub for media companies like CNN, Sirius XM Radio, CQ-Roll Call, and NPR. NoMa is a bustling, vibrant neighborhood with over \$6 billion in development investment since 2001. There are 54,000 employees in NoMa with dozens of eateries and over 360,000 square feet of existing retail. More than 4,800 apartments are under construction or have recently delivered along with modern office towers, three hotels, and new destination retailers such as REI and Landmark Theatre are coming soon. The neighborhood also has 22 LEED buildings, the eight-mile Metropolitan Branch bicycle trail connecting NoMa to Silver Spring, Maryland, and state-of-the-art biking amenities.

DISTRICT OF COLUMBIA POLICY GOALS AND REQUIREMENTS

First and foremost, the District requires that any proposed development program be economically viable to construct and operate. Additional District goals and requirements are explained below.

Planning and Zoning Framework

The Development Parcels have a base zoning of C-2-C and do not lie within a Historic District.

Comprehensive Plan

The Comprehensive Plan Future Land Use Map designates the south portion of the property on Square 560 for a mixture of High Density Commercial/Residential; the north portion of the lot on Square 560 is designated for a mixture of Medium Density Commercial/Residential. Both designations anticipate residential, office, retail, hotel, or other commercial or mixed-use development. The Comprehensive Plan Generalized Policy Map places this site within a Land Use Change Area, intended to identify areas where change to a different land use is anticipated. For more information, please contact Joel Lawson at (202) 442-8802, joel.lawson@dc.gov. Additional information on the Comprehensive Plan can be found at the Office of Planning ("OP") website: www.planning.dc.gov

Zoning

The Development Parcels are zoned C-2-C, which allows by-right, high density development of a broad range of uses including office, hotel, retail, and mixed-use. C-2-C permits a by-right FAR of 6.0 (7.2 FAR through the District's mandatory Inclusionary Zoning program for affordable housing), although non-residential development is limited to an FAR of 2.0. C-2-C permits a by-right height of 90 feet. Respondents are advised to review the new Zoning Regulations, effective September 6, 2016. Additional information on Zoning can be found at the Office of Zoning ("OZ") website: www.dcoz.dc.gov.

Transportation Planning Framework

DDOT's commitment to building a safe and efficient transportation network will guide all review of transportation-related issues regarding development of the Development Parcels. The Development Parcels have excellent multi-modal transportation access, as they are near multiple Metro stations and several high capacity bus routes. Because of this, DDOT anticipates many people accessing the Development Parcels via non-automobile modes. The Development Parcels are adjacent to two planned transportation projects and one active construction project:

- The conversion of New Jersey Avenue NW from one-way to two-way operations between H Street NW and N Street NW (http://ddot.dc.gov/sites/default/files/dc/sites/ddot/publication/attachments/recommended_multi-modal_alternative_november-30-2012.pdf). This project is fully funded and is expected to begin construction in Spring 2018.
- The Union Station-to-Georgetown streetcar (<http://www.dcstreetcar.com/wp-content/uploads/2013/10/USGT-AA-NoAppendices.pdf>). DDOT is completing an Environmental Impact Assessment to determine the selected alignment and routing. DDOT is interested in facilities for vehicle storage and power needs in the vicinity of the route to support future streetcar service.
- Ongoing changes associated with the Capital Crossing development (<http://www.i395ea.com>). This project is amidst a complex construction process.

Respondents should coordinate closely with DDOT to ensure that development proposals work within and support the aforementioned changes to the transportation network. Proposed changes impacting the District's transportation infrastructure must be consistent with the DDOT Design and Engineering Manual (DEM), and would require close coordination on construction-related transportation issues and a Maintenance of Traffic (MOT) plan. Additionally, development proposals that affect the existing I-395 right-of-way or any structures related to the roadway may be subject to federal environmental review, which would require additional coordination with DDOT and other local, regional, and federal stakeholders. Vehicle site access for the Development Parcels is expected to be consistent with District standards, guidelines, and policies. DDOT encourages minimizing vehicular parking spaces due to site access constraints, existing traffic volumes in the area, and excellent transit access, which offers substantial transportation alternatives.

Additional information on DDOT's policies regarding development review guidelines can be located at DDOT's website: <http://ddot.dc.gov/page/development-review>.

For more information, please contact Jonathan Rogers of DDOT's Policy, Planning, and Sustainability Administration at (202) 671-3022, jonathan.rogers2@dc.gov.

Public Space

DDOT, in partnership with OP, works to ensure the design of public space is of high quality and meets minimum requirements. To this end, the District has in place streetscape standards, guidelines, and policies to guide changes to public space. Uses that impact the character of public space include sidewalk cafes, vending, street festivals, and other impermanent activities. Physical features that impact the character of public space include sidewalk paving material, fences and retaining walls, street trees and their spacing, vault spaces, other infrastructure like street lights or curbs and gutters, and any building encroachments into the public space. Existing curb cuts must be retained and reused, and there will likely be concerns with approving new or existing curb cuts from H Street NW. Further, vault uses are expected to be accommodated on private property. Full restoration of the public space is expected and must be consistent with the planned changes to the right-of-way associated with ongoing and planned DDOT projects in the vicinity.

The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual (<http://ddot.dc.gov/page/design-and-engineering-manual>) for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual (<http://ddot.dc.gov/PublicRealmDesignManual>).

For more information, please contact Jonathan Rogers of DDOT's Policy, Planning, and Sustainability Administration at (202) 671-3022, jonathan.rogers2@dc.gov.

Affordable Housing

In the District's efforts to provide a greater number of Affordable Dwelling Units (ADUs), if a Respondent's proposed development plan includes a residential component, then Respondent's proposal must include, at a minimum, the number of ADUs at the AMI (defined below) levels that are required by the Inclusionary Zoning provisions of the District of Columbia Zoning Regulations (11 DCMR §§ 2600 *et seq.*), as applicable, and the Disposition of District Land for Affordable Housing Amendment Act of 2014 (D.C. Act 20-485) ("ADU Act"). Under the ADU Act, proposals with residential components are required to provide 30% of the units to be affordable for the life of the building. Respondents are encouraged to propose more affordable housing than the minimum requirements.

Each Respondent should use the most current Department of Housing and Urban Development (HUD) uncapped AMI data (reference Chart 1). While Chart 1 presents the most current data, new AMI data is published annually. The rent calculation formula is provided in Chart 2, the Occupancy Standard Factor used to price each ADU is provided in Chart 3, and the sale price formula is provided in Chart 4. All affordable rent payments collected by the future property owner from the tenants or third parties on behalf of tenants may not exceed the Maximum Allowable Rent for an ADU (reference Chart 2). Appendix F ("Utilities Data for Affordable Housing") may be updated periodically by the District of Columbia Housing Authority. The initial sales price for an affordable unit may not exceed the Maximum Allowable Sales Price for ADUs (reference Chart 4).

Respondents shall describe the strategy for marketing, operation and administration of their affordable housing units. Partnering with an organization that has demonstrated expertise in the administration, operation and management of affordable housing is encouraged, if Respondent does not already have this expertise.

Community and Stakeholder Outreach

The success of any development project hinges on the inclusion and support of the surrounding community. Respondents are strongly encouraged to work with the Advisory Neighborhood Commission (ANC) 6E, the Mount Vernon Triangle Community Improvement District (MVTICID), and community residents to understand how to meet the community's goals in a development proposal. Responses to this RFP must consider and incorporate stakeholder and community preferences, to the extent feasible and practical.

Sustainability and Green Building Requirements

The Development Parcels shall be developed in compliance with the District of Columbia's Green Building Act of 2006, codified in D.C. Official Code § 6-1451.01 *et seq.* (2012) and the District's storm water management regulations published in [Chapter 5 of Title 21](#) of the DCMR and [Chapter 31 of Title 20](#) of the DCMR. Specific design criteria are stated in the District's Storm Water Guidebook which is available online at <http://doee.dc.gov/publication/stormwater-guidebook>.

The Sustainable DC Plan was established to ensure that the District become the healthiest, greenest, and most livable city in the nation. The Plan encompasses 32 goals and 31 targets, and offers 143 specific actions in the areas of the built environment, energy, food, nature, transportation, waste and water. The Sustainable DC Plan is found at <http://www.sustainabledc.org/about/sustainable-dc-plan/>. Respondents should review the plan and highlight their qualifications and experience in developing sustainable projects, if any, in their response.

Furthermore, as outlined in the Sustainable DC Plan, the District of Columbia has committed to improving the performance of existing buildings and ensuring the highest standards of green building design for new construction. By 2032, the city has committed that retrofits of existing commercial and multi-family buildings and all new construction projects meet net-zero energy use standards. The existing laws and regulations, including the Green Building Act of 2006, the DC Green Construction and Energy Conservation Codes, and the stormwater regulations, among others, provide a strong foundation for the broader sustainability goals of the District. However, in order to achieve the targets set forth in the Sustainable DC Plan, the DC government plans to lead by example and give additional consideration for projects that are exceeding the basic legal requirements and forging a path towards true sustainability. Therefore, in this RFP, preference may be given to projects that:

- Exhibit a commitment to environmental performance beyond the requirements set forth in existing laws and regulations, including commitments to LEED v4 certification at the Platinum level or higher.
- Surpass basic LEED certification by designing to be net zero energy “ready” (deep efficiency with energy use intensities below 30 kBtu/square foot/year), achieve net positive energy (either produced onsite and/or from newly installed renewable energy in the region), net zero waste (meaning above 90% diversion of waste both during construction and when occupied), and/or retain stormwater volume for the 1.7 inch rain event or higher, and collect and reuse rainwater and greywater onsite; OR
- Design and construct to achieve either full or partial certification under the Living Building Challenge program. The Living Building Challenge is the world’s most rigorous building performance standard. Projects achieving full certification demonstrate a connection to nature and place, net-positive energy generation, net-zero water use, healthy and active design, integration of ecologically responsible material, and equitable development strategies.

DC-specific market analysis reveals that there are strong financial incentives for building deeply green, utility efficient, buildings with renewable energy systems. The [Net Zero and Living Building Challenge Financial Study: A Cost Comparison Report for Buildings in the District of Columbia](#) found a 3-year simple payback for typical multifamily, commercial retrofits, or office new construction when incorporating deep energy efficiency and then achieving net zero energy by deploying renewables. A [national study of solar financial incentives](#) also lists DC as one of the top cities to invest in solar photovoltaics.

To build capacity for this type of deep green building, the District government has a range of initiatives that include financial assistance resources for potential project teams. These include the [DC Sustainable Energy Utility](#), [DC PACE Program](#), [RiverSmart Communities](#), [RiverSmart Rewards](#), [RiverSmart Rooftops](#) and the [Stormwater Retention Credit Trading](#) programs.

First Source

Pursuant to DC Code § 10-801(b)(7) and the Workforce Intermediary Establishment and Reform of the First Source Amendment Act of 2011 (D.C. Law 19-84, D.C. Official Code §§ 2-219.01 et seq.) and the rules and regulations promulgated thereunder and Mayor’s Order 83-265, Respondents recognize that one of the primary goals of the District of Columbia government is the creation of job opportunities for District of Columbia residents. Accordingly, the Respondent selected by the District to negotiate a disposition agreement shall enter into a First Source Employment Agreement, prior to execution of a disposition agreement, with the Department of Employment Services (“DOES”) that shall, among other things, require the Respondent to: (i) hire and require its architects, engineers, consultants, contractors, and subcontractors to hire at least fifty-one percent (51%) District of Columbia residents for all new jobs created by the development project, all in accordance with such First Source Employment Agreement and (ii) ensure that at least fifty-one percent (51%) of apprentices and trainees employed are residents of the District of Columbia and are registered in apprenticeship programs approved by the DC Apprenticeship Council as required under D.C. Official Code §§ 32-1401 et seq. Collective bargaining agreements shall not be the basis for the waiver of these requirements. Respondents must complete the [Form of Acknowledgement attached as Appendix A](#).

Please contact DOES to obtain a copy of the First Source Employment Agreement template.

For more information, please visit the DOES website: does.dc.gov and contact Gerren Price, Deputy Director of Business Engagement at (202) 698-6006 or gerren.price@dc.gov.

Certified Business Enterprises

The Respondent selected by the District to enter into a disposition agreement shall comply with the requirements of the Small and Certified Business Enterprise Development and Assistance Act of 2005, D.C. Official Code §§ 2-218.01 et seq. ("CBE Act"). Pursuant to D.C. Official Code §10-801(b)(6) and the CBE Act, the selected Respondent shall subcontract to Small Business Enterprises ("SBEs") at least 35% of the total development budget. If there are insufficient qualified SBEs to fulfill the 35% requirement, the requirement may be satisfied by subcontracting 35% to qualified Certified Business Enterprises ("CBEs"). A CBE Respondent selected is not required to comply with the 35% SBE subcontracting requirement if the entire development project is performed using its own organization and resources. Pursuant to §2-218.49a of the CBE Act, Small Investors, Disadvantaged Investors, or Certified Equity Participants shall invest at least 20% of the total sponsor equity, excluding debt financing, mezzanine financing, or other equity contributions by limited or institutional investors; and, in addition to complying with the general 35% SBE subcontracting provisions, at least 20% of the dollar volume of non-construction development goods and services shall be subcontracted to SBEs, and if there are insufficient qualified SBEs to fulfill this requirement, then the requirement may be satisfied by contracting 20% of that dollar volume to any qualified CBEs. If the entity that controls the development project is an entity tax-exempt under 26 U.S.C.S. § 501(c), or other not-for-profit entity, such entity is exempt from the equity and development participation requirements, pursuant to §2-218.49a of the CBE Act, set forth above. The District's Department of Small and Local Business Development ("DSLBD") determines which entities are certified as SBEs, CBEs, Small Investors, Disadvantaged Investors, and Certified Equity Participants pursuant to the CBE Act. Respondents are encouraged to exceed the District's SBE/CBE subcontracting and participation requirements. Respondents must sign the Acknowledgement Form attached as Appendix A and return to DSLBD prior to executing a disposition agreement.

EVALUATION PROCESS

Selection Recommendation Panel

A multi-agency Selection Recommendation Panel ("Panel") may be established to review and evaluate the responses. If established, the composition of the Panel will be determined by the District, in its sole discretion. DMPED and/or the Panel may consult with professional consultants, advisors, and other stakeholders for technical assistance. DMPED and/or the Panel will evaluate each response, taking into account the information provided in response to the RFP and the best interests of the District.

Evaluation Criteria

Successful proposals will demonstrate that the Respondent has (i) a proposed use(s) for the Development Parcels that are consistent with District's Policy Goals and Requirements and community preferences identified through a community outreach and engagement process; and (ii) the financial capacity and ability to successfully close the transaction and offer an attainable redevelopment timeline to convert the Development Parcels to their optimal utility.

Among other factors, responses will be evaluated for completeness, market feasibility, innovative ideas, strength of community benefits, and the strength of the financial response. The basis upon which Respondents will be measured includes, but is not limited to, the following:

Attainment of District Policy Goals

The District will more highly rate Development Teams who:

- i. Maximize economic value to the District;
- ii. Demonstrate, through entity experience and expertise of proposed key personnel, that they are qualified to execute a high-quality project of this scale;
- iii. Provide evidence of sufficient organizational and financial capability to ensure on budget and timely delivery of the Project; and
- iv. Improve the quality of life for the surrounding neighborhood by incorporating the District's goals with respect to promoting vibrant, walkable, mixed-use neighborhoods and commercial corridors.

More specifically, higher ratings will be given to Respondents who achieve and exceed the following District policy goals by:

- i. Assembling nearby public or private parcels into the development proposal;
- ii. Maximizing the overall economic benefit to the District, including:
 - Maximizing the development envelope such as through assemblage of nearby land parcels or modification of current zoning;
 - Maximizing value to the District through land value proceeds (paid by Respondent to the District) and incremental property and sales taxes; and
 - Maximizing community benefits, including affordable housing and job creation and/or apprenticeship programs for District residents, particularly for residents within 1-mile of the property.
- iii. Seeking the least amount of subsidy (either through a reduction in fair market value or through other District or federal public financing tools) to fill anticipated financing and/or investment gaps in the Project's capital structure.
- iv. Providing Ward 6 residents and businesses with opportunities to participate in the Project. Evidence of the inclusion of such businesses shall be in the form of written confirmation from such neighborhood-based businesses, which shall include the scope and details of the said businesses' involvement in the Project.

Incorporation of Community Preferences

Teams should propose innovative, market-viable ideas for redevelopment of the site. Higher ratings will be given to Respondents who design development programs that:

- i. Incorporate a variety of recreational options;
- ii. Envision an innovative architectural design that establishes a signature gateway at the northern end of the Capitol Crossing development project, in the heart of the Mount Vernon Triangle neighborhood;
- iii. Uses that are compatible with and leverage surrounding neighborhood development;
- iv. Incorporate a variety of retail options that include both neighborhood-oriented retail or services and destination retail;
- v. Stimulate pedestrian activity, include vibrant streetscapes, and sustainably landscape the surrounding public space;
- vi. Create a sustainable development that has a minimal impact on the environment and strives to achieve higher levels of green building than the minimum requirements (See Page 8); and
- vii. Create local hiring and business opportunities.

Project Financial Feasibility and Team's Financial Capacity

Teams whose responses satisfy the following criteria may be eligible for higher ratings:

- i. Demonstrate that they possess the financial resources to execute the project requirements;
- ii. Provide realistic and achievable funding plans, including a sources and uses table and a complete pro-forma using the Developer's Kit available on the project website;
- iii. Display a willingness to provide the District with fair consideration for its real property assets. Land payment(s) to the District will be strongly considered;
- iv. Demonstrate significant investments of "at risk" capital during the pre-development and development process; and
- v. Exhibit a willingness to provide the District with a meaningful guarantee regarding payment and performance through final project completion.

Announcement of Short List

Upon review of the responses, DMPED and/or the Panel may, at its sole discretion, identify a short list of Respondents and has the sole and absolute discretion to conduct discussions with all, or some, of the Respondents on the short-list via "Best and Final Offer" submissions. DMPED will contact all Respondents and inform them of the results of the selection review process.

Best and Final Offer Submission

Upon review of the responses, DMPED and/or the Panel may, at its sole and absolute discretion, conduct discussions with all, or some, of the Respondents via "Best and Final Offer" submissions. If Respondents are asked to submit a "Best and Final Offer", Respondents are expected to adhere to the additional guidance provided by DMPED and submit a final revised proposal for DMPED's final consideration. Upon receiving the "Best and Final Offer", DMPED reserves the right to have additional rounds of requests for information, and conduct further discussions and negotiations if the Best and Final Offers lack adequate information to reach a final selection. At DMPED's sole discretion, Respondents may be asked to present their "Best and Final Offers" to the community to gain additional community feedback.

Final Selection & Notice

Following receipt of any additional information, if requested, DMPED may submit, in its sole and absolute discretion, one or more responses, as modified through any negotiations, to the Mayor as a recommendation. The Mayor, in her absolute discretion, may accept the recommendation. Upon acceptance of a recommendation by the Mayor, DMPED shall notify the selected respondent(s), if any. Ultimately, the Mayor will submit the proposed transaction to the Council for its approval in accordance with applicable District law (see the "Disposition Agreement & Approval" section in this RFP for more details).

DMPED reserves the right, at its sole and absolute discretion, to reject any proposal it deems incomplete or unresponsive to the submission requirements. DMPED also reserves the right, at its sole and absolute discretion, to reject all proposals and re-advertise at a later date. If a submission is deemed incomplete, that Respondents' letter of credit will be returned. In the event that DMPED determine that it should reject all submissions, all deposits will be refunded.

DMPED reserves the right to make the final development selection on the basis of initial Proposals without discussions with the Respondents. Accordingly, Respondents' initial Proposals should contain their best terms from the standpoint of the evaluation factors identified in this RFP. However, DMPED also reserves the right, in its sole and absolute discretion, to conduct discussions with all, or some, of the Respondents and solicit revised Proposals and "Best and Final" offers in order to make the final selection on the basis of such revised Proposals.

Post-Selection Due Diligence

Following receipt of notification from DMPED of the selection, the selected Respondent shall execute a right of entry agreement with the District to allow the selected Respondent to begin due diligence and studies on the property.

Disposition Agreement & Approval

If one Respondent is thereby chosen for commencement of negotiations, the selected Respondent may be requested by the District to proceed to negotiate a disposition agreement. If the District and selected Respondent are unable to execute a disposition agreement within one hundred and twenty (120) days after the date of selection, the District, in its absolute and sole discretion, may terminate negotiations and select a different Respondent who responded to the RFP; re-issue the RFP; issue a modified RFP, or take such other measures as it deems reasonable, appropriate, or necessary. **All costs incurred by the Respondents in responding to this RFP and in performance of due diligence and predevelopment work shall be at Respondents' sole cost and expense. Under no circumstances shall the District be responsible for the reimbursement of any such costs.**

The District, through DMPED, and the selected Respondent will attempt to negotiate in good faith a disposition agreement which shall incorporate the requirements contained in this RFP, the Term Sheet (see Appendix D), and such other terms as may be required by DMPED or may be agreed to by DMPED and the selected Respondent. Upon completion of the parties' negotiation, DMPED will recommend such Respondent and proposed business terms to the Mayor. If the Mayor agrees with DMPED's recommendation, then the Mayor will submit the proposed transaction to the Council for its approval of the disposition of the property in accordance with D.C. Official Code § 10-801 (2008 Supp.). **In accordance with D.C. Official Code § 10-801, the District is not authorized to convey or lease any real property unless and until authorized by the Council.**

If after Respondent has provided a response to the District, information provided in a response changes (e.g., deletion or modification to any of Respondents' team members or new financial information), Respondents must notify the District in writing and provide updated information in the same format for the appropriate section of the RFP. The District reserves the right to evaluate the modified response, eliminate Respondents from further consideration, or take other action as the District may deem appropriate. The District will require similar notification and approval rights of any change to Respondents' response or Development Team following award, if any.

Ownership and Use of Responses

All responses shall be the property of the District. The District may use any and all ideas and materials included in any response, whether the response is selected or rejected.

Restricted Communications

Upon release of this RFP and until final selection, Respondents shall not communicate with DMPED or District staff about the RFP or issues related to the RFP except as permitted under this RFP.

Selection Non-Binding

The selection by the District of a Respondent indicates only the District's intent to negotiate with a Respondent, and the selection does not constitute a commitment by the District to execute a final agreement or contract with the Respondent. Respondents therefore agree and acknowledge that they are barred from claiming to have detrimentally relied on the District for any costs or liabilities incurred as a result of responding to this RFP.

Confidentiality

Responses and all other information and documents submitted in response to this RFP are subject to the District's Freedom of Information Act (D.C. Official Code § 2-531 et seq.) ("FOIA"), which generally mandates the disclosure of documents in the possession of the District upon the request of any person, unless the content of the document falls within a specific exemption category (e.g., trade secrets and commercial or financial information obtained from outside the government, to the extent that disclosure would result in substantial harm to the competitive position of the person from whom the information was obtained).

If Respondents provide information that they believe is exempt from mandatory disclosure under FOIA ("exempt information"), Respondents shall include the following legend on the title page of the response:

"THIS RESPONSE CONTAINS INFORMATION THAT IS EXEMPT FROM MANDATORY DISCLOSURE UNDER THE DISTRICT'S FREEDOM OF INFORMATION ACT."

In addition, on each page that contains information that Respondents believe is exempt from mandatory disclosure under FOIA, Respondents shall include the following separate legend:

"THIS PAGE CONTAINS INFORMATION THAT IS EXEMPT FROM MANDATORY DISCLOSURE UNDER THE DISTRICT'S FREEDOM OF INFORMATION ACT."

On each such page, Respondents shall also specify the exempt information and shall state the exemption category within which it is believed the information falls.

Although DMPED will generally endeavor not to disclose information designated by Respondents as exempt information, DMPED will independently determine whether the information designated by Respondents is exempt from mandatory disclosure. Moreover, exempt information may be disclosed by DMPED, at its discretion, unless otherwise prohibited by law, and the District shall have no liability related to such disclosure.

Non-Liability

By participating in the RFP process, Respondents agrees to hold the District, its officers, employees, agents, representatives, and consultants harmless from all claims, liabilities, and costs related to all aspects of this RFP.

Other Limiting Conditions

Withdrawal & Cancellation

If at any time after the District selects a specific Respondent and executes a disposition agreement with the Respondent, and the Respondent does not proceed with the project, then the Respondent must notify the District in writing and provide reasons for its decision. The selected Respondent wishing to withdraw may be subject to the loss of part or all of any deposits previously provided to the District and may be responsible for certain costs previously waived by the District, in addition to any other remedies available to the District under the disposition agreement, or by law. If the District is unable to convey the Development Parcels for any reason, all deposits will be returned to the Respondent and the District shall be released from any and all further liability.

“Stand-Alone” Projects

The development of the Franklin School is expected to be a “stand alone” project, in that Respondents are prohibited from cross collateralizing and cross defaulting the property, or any portion thereof, with any other assets. Moreover, Respondents are prohibited from assigning, pledging, hypothecating, or otherwise transferring its interest in the net cash flows or ownership in the property and project in part, or in whole, without prior District approval. Any additional debt shall require prior written District approval. This limitation shall apply until final completion of the project.

Disclosure of Fees

Respondents shall disclose all development management fees, general contracting fees, construction management fees, property management fees, and other fees that are paid to Respondents or affiliated parties during the life of the project. Failure to do so may result in the District terminating, in its sole and absolute discretion, negotiations with a Respondent or terminating the project.

Restrictions

The District is subject to various laws, rules, policies and agreements that impose legal and ethical constraints upon current and former District employees and consultants with regard to post-employment restrictions vis-a-vis such employee's or consultant's involvement in District-led projects. In particular, restrictions include but are not limited to the following guidelines:

- i. All Respondents, its members, agents, or employees, are prohibited from: (i) making responses of employment, (ii) conducting any negotiations for employment, (iii) employing or, (iv) entering into contracts of any sort, with current employees, consultants, or contractors to the District who are personally and substantially involved in any aspect of this RFP;
- ii. Respondents must disclose in their initial responses the names of any member, employee, or agent who within three (3) years prior to the publication of this RFP were District employees, consultants, or contractors to the District. On a continuing basis, Respondents will be required to provide the District with regular and periodic notices of any and all new hires of employees, contracted agents, or consultants within five (5) days of any such hire;
- iii. This provision shall apply to all Respondents during the conduct of this competition, and will subsequently apply to the selected Respondent until such time as final completion of the development of the project;
- iv. Required disclosures and notices notwithstanding, failure to comply with any obligation described in this provision may result, in the District's sole and absolute discretion, in Respondents' disqualification from consideration under this RFP, the rescission of a Respondent's award, and/or termination of any agreement between a Respondent and the District.

QUESTIONS

All questions regarding this RFP must be submitted via e-mail only to polina.bakhtearov@dc.gov. Respondents shall not direct questions to any other person within the District except as allowed elsewhere in this RFP. Responses to Respondent questions will be aggregated and posted on the DMPED website: dmped.dc.gov.
